After a hiatus of 2.5 years from the fire in September 2020, the Sembawang God of Wealth temple officially reopened its doors to devotees and residents on the morning of 30 April 2023.

This beloved cultural landmark has been a symbol of prosperity, good fortune, and community spirit in our town for many years. Its return is a significant moment for our residents, who hold the temple close to their hearts. With a new and refreshed look, the temple will continue to be a beacon of cultural heritage and values for the community.

The temple is rebuilt with donations from the devotees, amounting close to \$4 million.

In partnership with the Land Transport Authority, the new high covered linkway has been completed between Block 824 and Woodlands CC. This new infrastructure is a welcome addition to our town,

providing residents with a safer and more comfortable way to move between these two locations.

The high covered linkway shelters residents from the elements, and we believe it will help to enhance the overall liveability and connectivity of our community.

Our hope is that it will encourage residents to take up cycling as a regular form of exercise and help build a stronger sense of community spirit.

By coming together for this initiative, we're doing our part to support Healthier SG and to create a happier, healthier, and more connected town for all.
