Admiralty recently held their annual Constituency Workplan Discussion with MP for Sembawang GRC (Admiralty), Mr Vikram Nair, and other grassroots leaders.

Understanding the current COVID-19 measures, the team meticulously worked on plans to assist residents through increased house visits and distribution of essentials to households in need.

Look forward to several interesting physical and hybrid events, as well as fun interest groups for you to partake in!

Sneak Peak of North-South Corridor Project

Last week, our Sembawang GRC MPs checked out the progress of the North-South Corridor (NSC) Project.

Do look forward to its estimated completion by 2027 – to which current travelling time to and fro the city will be reduced by half! Additionally, the NSC viaduct will create new green corridors for cyclists and pedestrians and a new cross junction at Woodlands Rise that will help in alleviating peak hour traffic. This means more time spent with your family at home!

We also seek the understanding and patience of residents staying at NorthOaks and Woodlands pasture as the project progressively upscales.
